The Circle of Generosity Foundation is a 501(c)(3) nonprofit foundation whose mission is to deliver random acts of kindness to individuals and families in need. Each act of generosity is designed to be anonymous from The Circle of Generosity Foundation to the recipient. The Circle of Generosity Foundation's goal is to give a one-time financial gift to an individual or family for basic living, education or medical needs during a period of struggle. The Circle of Generosity is a nondenominational organization that serves all people. The only thing Circle of Generosity asks its gift recipients in return is that the recipient perform their own random act of kindness in the future, to complete the circle of giving.
